The ACCUPLACER is a Math and English placement exam used to ensure that students are in the appropriate Math and English courses. All students must take the ACCUPLACER prior to meeting with an advisor UNLESS:

- The student has completed a college-level English course and college-level Math course with a grade of “C” or better.
- The student has earned an SAT or ACT score to qualify for UDC Flagship admission.
- The student has a TOEFL score BELOW 79 or an IELTS score BELOW 6.5 (Requires placement in ESL courses).

If you are not sure if you need to take the ACCUPLACER, please speak with a Student Success Specialist.

To sign up for the ACCUPLACER, visit:

Also, it is very important to prepare BEFORE taking the exam. A little practice can make a big difference in your score. Visit the link below to prepare yourself for the ACCUPLACER:

https://accuplacer.collegeboard.org/students

**Understanding Developmental Courses**

If you do not place into college-level courses on the ACCUPLACER, you will need to take co-remediation courses. Co-remediation courses are taken along-side college-level courses and support students in completing their college-level work.

They earn credit (and must be paid for) but DO NOT fulfill any degree requirements.

**Co-Remediation for English**

- Two Classes: English Fundamentals (ENGL 015C) and English Composition I (ENGL 101C)

**Co-Remediation for Math**

- Two Classes: Introduction to Algebra (MATH 015C) and General College Math I (MATH 101C)
  OR
- One Class: Intermediate Algebra with Supplemental Instruction (MATH 105C)
Below are several questions you should consider before meeting with an academic advisor (Student Success Specialist).

• What is your goal in enrolling at UDC-CC? (It is best if you can summarize this in one sentence.)

• How many hours a week are you prepared to be in school? Each class is a commitment of about 9-12 hours per week between time in class and studying. Therefore, registering for 4 classes equals a commitment of about 40 hours per week, a full-time job.

• What are your obligations outside of school?
  o Are you working outside of school or do you plan to work? If so, how many hours per week?
  o What are your family responsibilities? How will this affect my class schedule?
  o What are other restrictions you may have on your time in school?

• Do you have your ACCUPLACER scores with you? (If applicable)

• Do you have your Program of Study? Have you reviewed it? What questions do you have about it?

• For transfer students, do you have copies (official or unofficial) of all your transcripts from your previous school(s)? While you submitted these for admission purposes, it can take several weeks for an official evaluation. Therefore, an academic advisor will need to see copies to determine the classes you need today.

• For returning students, are you on probation or were you on academic suspension? Do you have courses you need to repeat? Repeating a course is the fastest way to raise your GPA, if you still need that class for your degree.

**What is First Year Seminar? Why should I take it?**

*First Year Seminar* (sometimes called *FYS* or *Freshman Orientation*) is a course that prepares students to be successful at UDC-CC and as college students in general.

It is required for most degree programs and strongly recommended for all students in their first semester at UDC-CC.

**Exception:** Students who transfer 15 or more credit hours to UDC or have passed a similar course at another school are not required to take *First Year Seminar*, but it is recommended.

MAKE ANY COURSE CHANGES
(Adds & Drops and Withdrawals)

Make Any Course Changes (Adds & Drops and Withdrawals)

Students can add classes to or drop classes from their schedules until Friday, January 15th. Once classes have begun for the session, there is a cost for adding and dropping classes ($10 per course change).

To ADD a class:
1. Go to my.udc.edu and login using your Email address (see Stop 8 in this manual).
2. Click on “Academics” tab.
3. Click on “Look Up Classes” in the “Registration Tools” box.
4. Then refer to Step 5 in this manual.

To DROP a class:
1. Go to my.udc.edu and login using your Email address (see Stop 8 in this manual).
2. Click on “Academics” tab.
3. Click on “Add or Drop Classes” in the “Registration Tools” box.
4. Select the Term (Spring 2016).
5. On the “Add or Drop Classes” page, find the course you want to drop.
6. Select “Web Drop” on the “Action” drop-down menu for the course you want to drop.
7. Click “Submit Changes” at the bottom of the page.

WHENEVER you make a course change, check you bill to make sure it is correct (see Stop 6 in this manual).

What is a Course Withdrawal? How is it different from dropping a course?
After the Add and Drop period has ended for each session, students cannot add courses to their schedules or make changes to their class sections. But a student can withdraw after the Add/Drop period has ended.

Unlike dropping a course, when a student withdraws from a class, the course is still recorded on the student’s academic record (a “W”), but no grade is given for the course. This means that the course still counts as an attempted class but does not affect the student’s GPA. Withdrawals will have an impact on a student’s academic history and possibly his or her financial aid eligibility.

Also, a student withdrawing from a course will be responsible for paying any fees associated with the class, but a percentage of the tuition is refunded depending on how far into the semester the student withdraws. The deadline for withdrawing from a class is Friday, March 25th.

Withdrawals should be only done when it is absolutely necessary. The best way to avoid having to withdraw is to speak with a Student Success Specialist at the first sign of difficulty.
The **Code of Student Conduct** is established to foster and protect the core missions of the University, to encourage the scholarly and civic development of the University's students in a safe and secure learning environment, and to ensure that the people, properties and processes support the University and its mission. The core missions of the University are research, teaching and learning, and service. Preservation of academic freedom and free and open exchange of ideas and opinions for all members of the University are central to these missions.

**Student Conduct Pledge:**

“As a student of the University District of Columbia Community College:

I will do my best to support the intrinsic values of academic success by honoring University policies, and the expected behavior of civility and respect to my fellow students, faculty and staff.”
