VOLUNTEER LEADERS TRAINING prepares adults to assist youth in managing their 4-H clubs and activities. Adults learn how to support our youth in learning about leadership and investigating opportunities that help them to meet their full potential. All 4-H clubs must have an adult leader. Volunteers have been an integral part of the success of 4-H since the 1920’s. Adult 4-H volunteers serve as club leaders, project leaders, camp counselors, etc. Some volunteers work directly with youth and others serve as trainers and mentors. All 4-H volunteers have the opportunity to make a significant contribution to positive youth development.
