SECTION B - SCHEDULE FOR CONSTRUCTION, ALTERATIONS, REPAIRS, PRICE

B.1 The University of the District of Columbia, Capital Procurement Division is issuing this Request for Proposal (RFP) to engage multiple contractors to perform as-directed construction and/or design build services in the University system on an as needed basis. Given the commitment of the University for excellence, construction and/or small design-build projects arise on a recurring basis.

The goal of this procurement is to establish up to five (5) multiple Indefinite Delivery/Indefinite Quantity (ID/IQ) contracts for construction, repairs, renovations and small design-build projects. The contracts will allow the University to use this vehicle to procure or obtain a wide variety of construction services when and where required.

B.2 DESIGNATION OF SOLICITATION FOR SET-ASIDE MARKET ONLY:

This Request for Proposal (RFP) is being issued in the Set-Aside Market. Only companies that are certified by the District of Columbia Department of Small and Local Business Development (DSLBD) may participate in the procurement.

B.3 Preferences for Local Business, Disadvantaged Business, Resident-owned Businesses, Small Businesses, Longtime Resident Businesses, or Local Businesses with Principal Offices located in an Enterprise Zone

Under the provisions of the “Small, Local, and Disadvantaged Business Enterprise Development and Assistance Act of 2005”, as amended, D.C. Official Code § 2-218.01 et seq. (the Act), the University shall apply preferences in evaluating proposals from businesses that are small, local, disadvantaged, resident-owned, longtime resident, or local with a principal office located in an enterprise zone of the District of Columbia.

B.4 The term of the ID/IQ contracts will be for a period of one (1) year with an option to extend for four (4) additional one (1) year option periods.

B.5 PROJECT DELIVERY METHOD:

B.5.1 Following the procedures in Sections G.9 and G.10, the University will issue to Contractors holding the ID/IQ contracts Request for Task Order Proposals (RFTOPs) describing the contemplated work and, after evaluating offers, the University will award the Task Orders (TOs) for the work. Contractors awarded with TOs shall perform this work in the manner and within the time specified in the individual TOs. Contractors will accomplish the work in accordance with the terms and conditions of the ID/IQ contracts and TOs.

B.5.2 A narrative scope of work will be issued up to three (3) of the ID/IQ contract holders and each of those contractors will be provided with an opportunity to walk the project with the University representatives in order to better understand and clarify the work. Drawings, specifications and any other documentation along with the applicable Davis Bacon Wage Rate will be included with each narrative scope of work. Each contractor will then be required to submit a lump sum

SECTION C - SCOPE/SPECIFICATIONS/DRAWINGS

C.1 INTRODUCTION:

The University of the District of Columbia, Capital Procurement Division is issuing this Request for Proposals (RFP) to engage multiple contractors to perform as-directed construction and/or design build services in the University system on an as needed basis. Given the commitment of the University for excellence, construction and/or small design-build projects arise on a recurring basis.

C.2 SCOPE:

The selected contractors will be required to perform general construction and/or small design-build services on an as needed basis as requested by the University. These small construction projects may include building repairs, upgrades, and tenant-fit out improvements including, but not limited to, patching and plumbing, carpentry, masonry, window replacement, fire alarm repairs, electrical and other miscellaneous repairs as may be necessary in the University campuses. Such work shall be performed on an as needed basis.

C.3 CENTRAL OFFICE:

Each contractor will be required to maintain an office between the hours of 7:00 a.m. to 5:00 a.m., Monday to Friday with sufficient staffing. This office will be used to manage work associated with this contract and to dispatch work crews as requested by the University. A separate office need not to be established, and it is acceptable if the contractors elect to run this project from its current office. The office should be equipped with telephone lines, a fax machine and email, and such other equipment and supplies necessary to fulfill work required under the contract.

C.4 PROPOSALS:

As projects are identified by the University, a narrative scope of work will be issued to three (3) or more of the pre-qualified contractors for pricing. In general, the University anticipates that three (3) or more selected ID/IQ contractors will visit the proposed work site with a University representative, and then submit a lump sum cost estimate for the Contractor to perform the work. These proposals shall be reviewed by the Contracting Officer (CO) and a Task Order shall be issued to the ID/IQ contractor that provides what is most advantageous to the University. The Contractor shall not proceed with any work unless and until such proposal is approved by the CO and the Contractor is directed to begin work.

C.5 COORDINATION WITH THE UNIVERSITY:

The Contractor will be required to coordinate with the assigned Project Manager (PM) for each individual project. The work may be performed during normal business hours; however the Contractor may be required to work after hours or on weekend and holidays as to not adversely impact the work of the University employees and other contractors. The Contractor will be
