The University intends to award a single contract resulting from this solicitation to the responsive and responsible, lowest bidder. Bidders shall fill out the unit price and total price of each line item in the Price Schedule. **A bid will be deemed nonresponsive if it does not include pricing on all Contract Line Items (CLIN) in the Price Schedule.**

B.2 TYPE OF CONTRACT

This is a Fixed Price Contract with a Cost-Reimbursement Component.

B.3 DESIGNATION OF SOLICITATION FOR THE SMALL BUSINESS SET-ASIDE MARKET ONLY

This Invitation for Bid (IFB) is designated only for certified Small Business Enterprise (SBE) bidders under the provisions of the “Small, Local, and Disadvantaged Business Enterprise Development and Assistance Act of 2005”, effective October 20, 2005 (D.C. A SBE must be certified as small in the procurement category of 910-39-00 (Janitorial/Custodial Services) in order to be eligible to submit a bid in response to this solicitation.

B.4 FIXED PRICE

The Contractor shall be paid on a monthly fixed price for the basic janitorial services for each building and for four (4) porters in accordance to Section B.6.

B.5 COST REIMBURSEMENT

The Contractor shall be reimbursed for costs incurred in performing the reimbursable services using the prices established in the Price Schedule. All reimbursable services will require the CO’s approval.

The University reserves the right to acquire the reimbursable services from sources other than the Contractor when it is determined to be in the best interest of the University to do so, price and other factors considered.

Floors requiring a finish shall be maintained at a high luster and shall be free of all marks, streaks, dirt and debris. Please see below the recommended Floor Care:

a) Asphalt Tile – Asphalt tile is a mixture of asbestos fibers, pigments and invert fillers bound together with an asphalt or resin binder. Oils and solvents shall not be used.

b) Ceramic Tile – Ceramic tile is a mixture of clay and water which has been shaped and then fired in a kiln at high temperature. Harsh cleaners shall not be used.

c) Concrete – Concrete is a mixture of Portland cement with sand, gravel and water which is poured and set as a solid mass. Due to chemical reaction of the cement, it should be sealed to prevent dusting. Use of harsh cleansers and acids shall not be used.

d) Cork – Ground cork bark is molded and compressed into natural resins in the corks, or added resins serve to bind the mass together when heat cured under hydraulic pressure. It may or may not be waxed. It is easily damaged by the use of water.

e) Linoleum – Linoleum is a mixture of ground cork, wood flour, resins, color pigment and oxidized linseed oil or combination for drying oils, all are mixed together, rolled out and compressed onto asphalt, saturated felt, burp, jute or other backing. Oils and solvents should be avoided on this type of floor.

f) Marble – Marble is essentially calcium carbonate which has been changed by nature through pressure, heat and water into crystalline form. Marble is easily damaged by acids.

g) Poured Floors – Synthetic resins are used to produce poured in place, seamless floors with urethane and epoxy types being the most popular. All oils and solvents should be avoided at all times.

h) Rubber – Rubber is a mixture of rubber – natural synthetic and/or reclaimed with invert fillers and color pigments. It is subject to deterioration from oils and solvents.

i) Terrazzo – Terrazzo is a polished surface floor consisting of marble or granite chips mixed with a Portland cement mixture. Terrazzo is easily damaged by the use of harsh acids and alkaline.

j) Vinyl – Vinyl resins are used as the building agent and may be any one of the following general classifications: (a) Vinyl asbestos tile composed of asbestos fibers
and color pigments with vinyl resin used as the binder. It is somewhat more flexible, resilient, and stain resistant than asphalt tile (b) Homogeneous flexible vinyl is somewhat comparable to rubber tile. It does not have as much filler and less invert pigment. Some flexible vinyl is laminated to a backing material such as cork or coarser vinyl flooring (c) Calendared vinyl flooring is somewhat comparable to conventional inlaid linoleum, except that the oxidized drying oils are replaced by a vinyl resin and plasticized. It is available either in tile or yard goods form.

g) Wood – Including gym floors, the wood floors in common use may be either soft woods or hard woods, in a variety of widths, thicknesses and designs, and they may be either open grain or closed grain. Strip flooring is generally nailed to a wooded sub-floor; parquet flooring is generally laid in mastic on top of the sub-floor. Unless the floor is properly sealed, water will raise the grain and roughen the surface. Use of water for cleaning is generally recommended, unless used sparingly. Avoid strong cleaners.

C) Steps and landing shall be stripped and refinished every ninety (90) days. A non-skid finish shall be applied.

C.4.3.2 CARPET SHAMPOOOING FOR ALL BUILDINGS (SEMI-ANNUALLY)

SECTION D: PACKAGING AND MARKING

The packaging and marking requirements for this contract shall be governed by clause number (2), Shipping Instructions-Consignment, of the Government of the District of Columbia’s Standard Contract Provisions for use with Supplies and Services Contracts, dated March, 2007. (Attachment J.1)
SECTION E: INSPECTION AND ACCEPTANCE

E.1 The inspection and acceptance requirements for this contract shall be governed by clause number five (5), Inspection of Supplies, and six (6), Inspection of Services, of the Government of the District of Columbia's Standard Contract Provisions for use with Supplies and Services Contracts, dated March, 2007.

E.1.1 Inspection Of Supplies:

(a) Definition. “Supplies,” as used in this clause, includes, but is not limited to raw materials, components, intermediate assemblies, end products, and lots of supplies.

(b) The Contractor shall be responsible for the materials or supplies covered by this contract until they are delivered at the designated point, but the Contractor shall bear all risk on rejected materials or supplies after notification of rejection. Upon the Contractor’s failure to cure within ten (10) days after date of notification, the District may return the rejected materials or supplies to the Contractor at the Contractor’s risk and expense.

(c) The Contractor shall provide and maintain an inspection system acceptable to the District covering supplies under this contract and shall tender to the District for acceptance only supplies that have been inspected in accordance with the inspection system and have been found by the Contractor to be in conformity with contract requirements. As part of the March (2007) SCP. 2 system, the Contractor shall prepare records evidencing all inspections made under the system and the outcome. These records shall be kept complete and made available to the District during contract performance and for as long afterwards as the contract requires. The District may perform reviews and evaluations as reasonably necessary to ascertain compliance with this paragraph. These reviews and evaluations shall be conducted in a manner that will not unduly delay the contract work. The right of review, whether exercised or not, does not relieve the Contractor of the obligations under this contract.

(d) The District has the right to inspect and test all supplies called for by the contract, to the extent practicable, at all places and times, including the period of manufacture, and in any event before acceptance. The District will perform inspections and tests in a manner that will not unduly delay the work. The District assumes no contractual obligation to perform any inspection and test for the benefit of the Contractor unless specifically set forth elsewhere in the contract.

(e) If the District performs inspection or test on the premises of the Contractor or subcontractor, the Contractor shall furnish, and shall require subcontractors to furnish, without additional charge, all reasonable facilities and assistance for the safe and convenient performance of these duties. Except as otherwise provided in the contract, the District will bear the expense of District inspections or tests made at other than Contractor’s or subcontractor’s premises; provided, that in case of rejection, the District will not be liable for any reduction in the value of inspection or test samples.

(1) When supplies are not ready at the time specified by the Contractor for inspection or test, the Contracting Officer may charge to the Contractor the additional cost of inspection or test.
(2) Contracting Officer may also charge the Contractor for any additional cost of inspection or test when prior rejection makes re-inspection or retest.

(f) The District has the right either to reject or to require correction of nonconforming supplies. Supplies are nonconforming when they are defective in material or workmanship or otherwise not in conformity with contract requirements. The District may reject nonconforming supplies with or without disposition instructions.

(g) The Contractor shall remove supplies rejected or required to be corrected. However, the Contracting Officer may require or permit correction in place, promptly after notice, by and at the expense of the Contractor. The Contractor shall not tender for acceptance corrected or rejected supplies without disclosing the former rejection or requirement for correction, and when required, shall disclose the corrective action taken.

(h) If the Contractor fails to remove, replace, or correct rejected supplies that are required to be replaced or corrected within ten (10) days, the District may either (1) by contract or otherwise, remove, replace or correct the supplies and charge the cost to the Contractor or (2) terminate the contract for default. Unless the Contractor corrects or replaces the supplies within the delivery schedule, the Contracting Officer may require their delivery and make an equitable price reduction. Failure to agree to a price reduction shall be a dispute.

(i) If this contract provides for the performance of District quality assurance at source, and if requested by the District, the Contractor shall furnish advance notification of the time (i) when Contractor inspection or tests will be performed in accordance with the terms and conditions of the contract, and (ii) when the supplies will be ready for District inspection.

(j) The District request shall specify the period and method of the advance notification and the District representative to whom it shall be furnished. Requests shall not require more than 2 business days of advance notification if the District representative is in residence in the Contractor’s plant, nor more than 7 business days in other instances.

(k) The District will accept or reject supplies as promptly as practicable after delivery, unless otherwise provided in the contract. District failure to inspect and accept or reject the supplies shall not relieve the Contractor from responsibility, nor impose liability upon the District, for non-conforming supplies.

(l) Inspections and tests by the District do not relieve the Contractor of responsibility for defects or other failures to meet contract requirements discovered before acceptance. Acceptance shall be conclusive, except for latent defects, fraud, gross mistakes amounting to fraud, or as otherwise provided in the contract.

(m) If acceptance is not conclusive for any of the reasons in subparagraph (l) hereof, the District, in addition to any other rights and remedies provided by law, or under provisions of this contract, shall have the right to require the Contractor (1) at no increase in contract price, to correct or replace the defective or nonconforming supplies at the original point of delivery or at the Contractor’s plant at the Contracting Officer’s election, and in accordance with a reasonable delivery schedule as may be agreed upon between the Contractor and the Contracting Officer; provided, that the Contracting Officer may require a reduction in contract price if the Contractor
fails to meet such delivery schedule, or (2) within a reasonable time after receipt by the Contractor of notice of defects or noncompliance, to repay such portion of the contract as is equitable under the circumstances if the Contracting Officer elects not to require correction or replacement. When supplies are returned to the Contractor, the Contractor shall bear the transportation cost from the original point of delivery to the Contractor’s plant and return to the original point when that point is not the Contractor’s plant. If the Contractor fails to perform or act as required in (1) or (2) above and does not cure such failure within a period of 10 days (or such longer period as the Contracting Officer may authorize in writing) after receipt of notice from the Contracting Officer specifying such failure, the District will have the right to return the rejected materials at Contractor’s risk and expense or contract or otherwise to replace or correct such supplies and charge to the Contractor the cost occasioned the District thereby.

E.1.2. Inspection Of Services:

(a) Definition. “Services” as used in this clause includes services performed, workmanship, and material furnished or utilized in the performance of services.

(b) The Contractor shall provide and maintain an inspection system acceptable to the District covering the services under this contract. Complete records of all inspection work performed by the Contractor shall be maintained and made available to the District during contract performance and for as long afterwards as the contract requires.

(c) The District has the right to inspect and test all services called for by the contract, to the extent practicable at all times and places during the term of the contract. The District will perform inspections and tests in a manner that will not unduly delay the work.

(d) If the District performs inspections or tests on the premises of the Contractor or subcontractor, the Contractor shall furnish, without additional charge, all reasonable facilities and assistance for the safety and convenient performance of these duties.

(e) If any of the services do not conform to the contract requirements, the District may require the Contractor to perform these services again in conformity with contract requirements, at no increase in contract amount. When the defects in services cannot be corrected by performance, the District may require the Contractor to take necessary action to ensure that future performance conforms to contract requirements and reduce the contract price to reflect value of services performed.

(f) If the Contractor fails to promptly perform the services again or take the necessary action to ensure future performance in conformity to contract requirements, the District may (1) by contract or otherwise, perform the services and charge the Contractor any cost incurred by the District that is directly related to the performance of such services, or (2) terminate the contract for default.
SECTION F: PERIOD OF PERFORMANCE AND DELIVERABLES

F.1 TERM OF CONTRACT

F.2 OPTION TO EXTEND THE TERM OF THE CONTRACT

The preliminary notice does not commit the District to an extension. The exercise of this option is subject to the availability of funds at the time of the exercise of this option. The Contractor may waive the thirty (30) day preliminary notice requirement by providing a written waiver to the Contracting Officer prior to expiration of the contract.

F.2.2 If the District exercises the option, the extended contract shall be considered to include the option provision.

F.2.3 The price for the option period shall be as specified in the Section B of the contract.

I.14.1.1 Shall not discriminate in any manner against any employee or applicant for employment in violation of Section 211 of the District of Columbia Human Rights Act (DC Law 2-38; DC Official Code Section 2-1402.11);

I.14.1.2 Shall include a similar clause in every subcontract, except subcontracts for standard commercial supplies or raw materials;

I.14.1.3 Shall, along with all subcontractors, post in a conspicuous place available to employees and applicants for employment, a notice setting forth the provisions of the anti-discrimination clause set out in Section 251 of the District of Columbia Human Rights Act (DC Official Code Section 2-1402.51).

I.14.2 Non-Discrimination Clause:
The Contractor shall not discriminate in any manner against any employee or applicant for employment that would constitute a violation of the District of Columbia Human Rights Act, approved December 13, 1977, as amended (D. C. Law 2-38; D. C. Official Code §2-1402.11) (2001 Ed.) ("Act" as used in this Section). The Contractor shall include a similar clause in all subcontracts, except subcontracts for standard commercial supplies or raw materials. In addition, Contractor agrees and any subcontractor shall agree to post in conspicuous places, available to employees and applicants for employment, notice setting forth the provisions of this non-discrimination clause as provided in Section 251 of the Act.

Pursuant to rules of the Office of Human Rights, published on August 15, 1986 in the D. C. Register and Mayor's Order 2002-175 (10/23/02), 49 DCR 9883, the following clauses apply to this contract:

The Contractor shall not discriminate against any employee or applicant for employment because of actual or perceived: race, color, religion, national origin, sex, age, marital status, personal appearance, sexual orientation, gender identity or expression, familial status, family responsibilities, disability, matriculation, political affiliation, source of income, or place of residence or business. Sexual harassment is a form of sex discrimination which is prohibited by the Act. In addition, harassment based on any of the above protected categories is prohibited by the Act.

The Contractor agrees to take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their actual or perceived: race, color, religion, national origin, sex, age, marital status, personal appearance, sexual orientation, familial status, family responsibilities, disability, matriculation, political affiliation, source of income, or place of residence or business. The affirmative action shall include, but not be limited to the following:

(a) employment, upgrading or transfer;
(b) recruitment, or recruitment advertising;
(c) demotion, layoff, or termination;
(d) rates of pay, or other forms of compensation; and

The Contractor shall, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment pursuant to the non-discrimination requirements set forth in subsection I.14.2.2.2.

The Contractor agrees to send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided by the contracting agency, advising the said labor union or workers' representative of that contractor's commitments under this nondiscrimination clause and
the Act, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

I.14.2.2.6 The Contractor agrees to permit access to his books, records and accounts pertaining to its employment practices, by the Chief Procurement Officer or designee, or the Director of Human Rights or designee, for purposes of investigation to ascertain compliance with this chapter, and to require under terms of any subcontractor agreement each subcontractor to permit access of such subcontractors’ books, records, and accounts for such purposes.

I.14.2.2.7 The Contractor agrees to comply with the provisions of this chapter and with all guidelines for equal employment opportunity applicable in the District of Columbia adopted by the Director of the Office of Human Rights, or any authorized official.

I.14.2.2.8 The Contractor shall include in every subcontract the equal opportunity clauses, subsections I.14.2.2.1 through I.14.2.2.9 of this section, so that such provisions shall be binding upon each subcontractor or vendor.

I.14.2.2.9 The Contractor shall take such action with respect to any subcontract as the CO may direct as a means of enforcing these provisions, including sanctions for noncompliance; provided, however, that in the event the Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the contracting agency, the Contractor may request the District to enter into such litigation to protect the interest of the District.

I.15 CONTINUITY OF SERVICES

I.15.1 The Contractor recognizes that the services provided under this contract are vital to the University and must be continued without interruption and that, upon contract expiration or termination, a successor, either the University or another contractor, at the University’s option, may continue to provide these services. To that end, the Contractor agrees to:

I.15.1.1 Furnish phase-out, phase-in (transition) training; and

I.15.1.2 Exercise its best efforts and cooperation to effect an orderly and efficient transition to a successor.

I.15.2 The Contractor shall, upon the CO’s written notice:

I.15.2.1 Furnish phase-in, phase-out services for up to 90 days after this contract expires and

I.15.2.2 Negotiate in good faith a plan with a successor to determine the nature and extent of phase-in, phase-out services required. The plan shall specify a training program and a date for transferring responsibilities for each division of work described in the plan, and shall be subject to the CO’s approval.

I.15.3 The Contractor shall provide sufficient experienced personnel during the phase-in, phase-out period to ensure that the services called for by this contract are maintained at the required level of proficiency.
I.15.4 The Contractor shall allow as many personnel as practicable to remain on the job to help the successor maintain the continuity and consistency of the services required by this contract. The Contractor also shall disclose necessary personnel records and allow the successor to conduct on-site interviews with these employees. If selected employees are agreeable to the change, the Contractor shall release them at a mutually agreeable date and negotiate transfer of their earned fringe benefits to the successor.

I.15.5 Only in accordance with a modification issued by the Contracting Officer, the Contractor shall be reimbursed for all reasonable phase-in, phase-out costs (i.e., costs incurred within the agreed period after contract expiration that result from phase-in, phase-out operations) and a fee (profit) not to exceed a pro rata portion of the fee (profit) under this contract.
