UDC Campus Green Initiatives

- Approximate extent of Green Roofs on Existing Buildings (Total = 95,000 SF)
- Proposed Dennard Plaza (approx. 35% pervious)
- Rain Gardens & Bio Swales
- Potential Green Roof profile for New Student Center

Note: Extent of Green Roof on New Student Center and adjoining Rain Gardens will be updated as per the evolution of the design; Accurate extent of Green Roofs on existing buildings will be incorporated as and when information is made available by UDC.
