SECTION D: PACKAGING AND MARKING

D.1 The packaging and marking requirements for this contract shall be governed by clause number (2), Shipping Instructions-Consignment, of the Government of the District of Columbia's Standard Contract Provisions for use with Supplies and Services Contracts, dated March 2007. (Attachment J.1)
SECTION E: INSPECTION AND ACCEPTANCE

E.1 The inspection and acceptance requirements for the resultant contract shall be governed by clause number five (5), Inspection of Supplies, and six (6), Inspection of Services, of the Government of the District of Columbia’s Standard Contract Provisions for use with Supplies and Services Contracts, dated March, 2007. (Attachment J.1)

E.1.1 Inspection Of Supplies:

(a) Definition. “Supplies,” as used in this clause, includes, but is not limited to raw materials, components, intermediate assemblies, end products, and lots of supplies.

(b) The Contractor shall be responsible for the materials or supplies covered by this contract until they are delivered at the designated point, but the Contractor shall bear all risk on rejected materials or supplies after notification of rejection. Upon the Contractor’s failure to cure within ten (10) days after date of notification, the District may return the rejected materials or supplies to the Contractor at the Contractor’s risk and expense.

(c) The Contractor shall provide and maintain an inspection system acceptable to the District covering supplies under this contract and shall tender to the District for acceptance only supplies that have been inspected in accordance with the inspection system and have been found by the Contractor to be in conformity with contract requirements. As part of the March (2007) SCP. 2 system, the Contractor shall prepare records evidencing all inspections made under the system and the outcome. These records shall be kept complete and made available to the District during contract performance and for as long afterwards as the contract requires. The District may perform reviews and evaluations as reasonably necessary to ascertain compliance with this paragraph. These reviews and evaluations shall be conducted in a manner that will not unduly delay the contract work. The right of review, whether exercised or not, does not relieve the Contractor of the obligations under this contract.

(d) The District has the right to inspect and test all supplies called for by the contract, to the extent practicable, at all places and times, including the period of manufacture, and in any event before acceptance. The District will perform inspections and tests in a manner that will not unduly delay the work. The District assumes no contractual obligation to perform any inspection and test for the benefit of the Contractor unless specifically set forth elsewhere in the contract.

(e) If the District performs inspection or test on the premises of the Contractor or subcontractor, the Contractor shall furnish, and shall require subcontractors to furnish, without additional charge, all reasonable facilities and assistance for the safe and convenient performance of these duties. Except as otherwise provided in the contract, the District will bear the expense of District inspections or tests made at other than Contractor’s or subcontractor’s premises; provided, that in case of rejection, the District will not be liable for any reduction in the value of inspection or test samples.

(1) When supplies are not ready at the time specified by the Contractor for inspection or test, the Contracting Officer may charge to the Contractor the additional cost of inspection or test.

(2) Contracting Officer may also charge the Contractor for any additional cost of inspection or test when prior rejection makes re-inspection or retest.
(f) The District has the right either to reject or to require correction of nonconforming supplies. Supplies are nonconforming when they are defective in material or workmanship or otherwise not in conformity with contract requirements. The District may reject nonconforming supplies with or without disposition instructions.

(g) The Contractor shall remove supplies rejected or required to be corrected. However, the Contracting Officer may require or permit correction in place, promptly after notice, by and at the expense of the Contractor. The Contractor shall not tender for acceptance corrected or rejected supplies without disclosing the former rejection or requirement for correction, and when required, shall disclose the corrective action taken.

(h) If the Contractor fails to remove, replace, or correct rejected supplies that are required to be replaced or corrected within ten (10) days, the District may either (1) by contract or otherwise, remove, replace or correct the supplies and charge the cost to the Contractor or (2) terminate the contract for default. Unless the Contractor corrects or replaces the supplies within the delivery schedule, the Contracting Officer may require their delivery and make an equitable price reduction. Failure to agree to a price reduction shall be a dispute.

(i) If this contract provides for the performance of District quality assurance at source, and if requested by the District, the Contractor shall furnish advance notification of the time (i) when Contractor inspection or tests will be performed in accordance with the terms and conditions of the contract, and (ii) when the supplies will be ready for District inspection.

(j) The District request shall specify the period and method of the advance notification and the District representative to whom it shall be furnished. Requests shall not require more than 2 business days of advance notification if the District representative is in residence in the Contractor's plant, nor more than 7 business days in other instances.

(k) The District will accept or reject supplies as promptly as practicable after delivery, unless otherwise provided in the contract. District failure to inspect and accept or reject the supplies shall not relieve the Contractor from responsibility, nor impose liability upon the District, for non-conforming supplies.

(l) Inspections and tests by the District do not relieve the Contractor of responsibility for defects or other failures to meet contract requirements discovered before acceptance. Acceptance shall be conclusive, except for latent defects, fraud, gross mistakes amounting to fraud, or as otherwise provided in the contract.

(m) If acceptance is not conclusive for any of the reasons in subparagraph (l) hereof, the District, in addition to any other rights and remedies provided by law, or under provisions of this contract, shall have the right to require the Contractor (1) at no increase in contract price, to correct or replace the defective or nonconforming supplies at the original point of delivery or at the Contractor's plant at the Contracting Officer's election, and in accordance with a reasonable delivery schedule as may be agreed upon between the Contractor and the Contracting Officer; provided, that the Contracting Officer may require a reduction in contract price if the Contractor fails to meet such delivery schedule, or (2) within a reasonable time after receipt by the Contractor of notice of defects or noncompliance, to repay such portion of the contract as is equitable under the circumstances if the Contracting Officer elects not to require correction or replacement. When supplies are returned to the Contractor, the Contractor shall bear the
transportation cost from the original point of delivery to the Contractor's plant and return to the original point when that point is not the Contractor's plant. If the Contractor fails to perform or act as required in (1) or (2) above and does not cure such failure within a period of 10 days (or such longer period as the Contracting Officer may authorize in writing) after receipt of notice from the Contracting Officer specifying such failure, the District will have the right to return the rejected materials at Contractor's risk and expense or contract or otherwise to replace or correct such supplies and charge to the Contractor the cost occasioned the District thereby.

E.1.2. Inspection Of Services:

(a) Definition. "Services" as used in this clause includes services performed, workmanship, and material furnished or utilized in the performance of services.

(b) The Contractor shall provide and maintain an inspection system acceptable to the District covering the services under this contract. Complete records of all inspection work performed by the Contractor shall be maintained and made available to the District during contract performance and for as long afterwards as the contract requires.

(c) The District has the right to inspect and test all services called for by the contract, to the extent practicable at all times and places during the term of the contract. The District will perform inspections and tests in a manner that will not unduly delay the work.

(d) If the District performs inspections or tests on the premises of the Contractor or subcontractor, the Contractor shall furnish, without additional charge, all reasonable facilities and assistance for the safety and convenient performance of these duties.

(e) If any of the services do not conform to the contract requirements, the District may require the Contractor to perform these services again in conformity with contract requirements, at no increase in contract amount. When the defects in services cannot be corrected by performance, the District may require the Contractor to take necessary action to ensure that future performance conforms to contract requirements and reduce the contract price to reflect value of services performed.

(f) If the Contractor fails to promptly perform the services again or take the necessary action to ensure future performance in conformity to contract requirements, the District may (1) by contract or otherwise, perform the services and charge the Contractor any cost incurred by the District that is directly related to the performance of such services, or (2) terminate the contract for default.
F.1 TERM OF CONTRACT

The term of the contract shall be for a period of one base year with three (3) one-year options from date of award specified on the cover page of this contract.

F.2 OPTION TO EXTEND THE TERM OF THE CONTRACT

F.2.1 The University may extend the term of this contract for a period of three (3), one-year option periods, or successive fractions thereof, by written notice to the Contractor before the expiration of the contract; provided that the University will give the Contractor preliminary written notice of its intent to extend at least thirty (30) days before the contract expires. The preliminary notice does not commit the University to an extension. The exercise of this option is subject to the availability of funds at the time of the exercise of this option. The Contractor may waive the thirty (30) day preliminary notice requirement by providing a written waiver to the Contracting Officer prior to the expiration of the contract.

F.2.2 If the University exercises this option, the extended contract shall be considered to include this option provision.

F.2.3 The price for the option period(s) shall be as specified in the Section B of the contract.

F.2.4 The total duration of this contract, including the exercise of any options under this clause, shall not exceed four (4) years.

Each proposal shall be submitted in a sealed envelope conspicuously marked: "Proposal in Response to Solicitation No. GF-2012-D-0037, "Relocation Services".

L.2.2 Part I – Technical Proposal

The technical proposal must contain sufficient detail to provide a clear and concise response fully reflecting the manner in which the offeror proposes to fully meet the requirements in Section C. The offeror shall respond to each factor listed in Section L.3 in a way that will allow the University to evaluate the offeror’s response.

L.2.3 Part II – Price Proposal

1) Completed Section B.5 - Price Schedule

L.3.1 Relevant Experience and Past Performance

a) Identify five (5) relocation projects of similar in nature within the last five (5) years that successfully demonstrate your capabilities to perform work described in Section C. If more than five are submitted, only the first five projects will be considered in the evaluation. For
the purpose of this requirement, projects shall be considered similar in nature and of
significant size if the project is for a university, school or government agency and with a
project value of $50,000 to $100,000 or more. For each project, provide the period of
performance, project amount, and the client name, verifiable telephone number and email

listed project

b) Provide your qualifications and experience in providing relocation services in a business
environment. Identify the vehicles, tools, equipment and supplies used in providing services.

c) Identify five (5) relevant problems encountered and detailed actions to correct those
problems.

L.3.2 Master Relocation Plan

Prepare a Master Relocation Plan addressing the relocation activities under the following stages
to ensure work is executed effectively at a reasonable cost, with zero (0) or minimal
damages/losses to properties and to the maximum satisfaction of the University.

a) Planning
b) Communication
c) Implementation

L.3.3 Key Personnel

a) Provide professional resume of the Supervisor who will be Contractor’s main contact and
will provide the over-all supervision of the relocation services.

b) Provide letters of recommendation for the Supervisor from two clients on separate projects.

L.4 PROPOSAL SUBMISSION DATE AND TIME, AND LATE SUBMISSIONS, LATE
MODIFICATIONS, WITHDRAWAL OR MODIFICATION OF PROPOSALS AND
LATE PROPOSALS

L.4.1 Proposal Submission

Proposals must be submitted no later than 2:00 pm local time on April 30, 2012, Monday.
Proposals, modifications to proposals, or requests for withdrawals that are received in the
designated University office after the exact local time specified above, are "late" and shall be
considered only if they are received before the award is made and one (1) or more of the
following circumstances apply:

(a) The proposal or modification was sent by registered or certified mail not later than the fifth
(5th) day before the date specified for receipt of offers;
(b) The proposal or modification was sent by mail and it is determined by the CO that the late receipt at the location specified in the solicitation was caused by mishandling by the University, or

c) The proposal is the only proposal received.

L.4.2 Withdrawal or Modification of Proposals

An offeror may modify or withdraw its proposal upon written, telegraphic notice, or facsimile transmission if received at the location designated in the solicitation for submission of proposals, but not later than the closing date and time for receipt of proposals.

L.4.3 Postmarks

The only acceptable evidence to establish the date of a late proposal, late modification or late withdrawal sent either by registered or certified mail shall be a U.S. or Canadian Postal Service postmark on the wrapper or on the original receipt from the U.S. or Canadian Postal Service. If neither postmark shows a legible date, the proposal, modification or request for withdrawal shall be deemed to have been mailed late. When the postmark shows the date but not the hour, the time is presumed to be the last minute of the date shown. If no date is shown on the postmark, the proposal shall be considered late unless the offeror can furnish evidence from the postal authorities of timely mailing.

L.4.4 Late Modifications

A late modification of a successful proposal, which makes its terms more favorable to the University, shall be considered at any time it is received and may be accepted.

L.4.5 Late Proposals

A late proposal, late modification or late request for withdrawal of a proposal that is not considered shall be held unopened, unless opened for identification, until after award and then retained with unsuccessful proposals resulting from this solicitation.

L.5 EXPLANATION TO PROSPECTIVE OFFERORS

If a prospective offeror has any questions relating to this solicitation, the prospective offeror shall submit the question in writing to the contact person, identified on page one. The prospective offeror shall submit questions no later than ten (10) days prior to the closing date and time indicated for this solicitation. The University will not consider any questions received less than ten (10) days before the date set for submission of proposals. The University will furnish responses promptly to all prospective offerors. An amendment to the solicitation will be issued if the CO determines that information is necessary in submitting offers, or if the lack of it would be prejudicial to any prospective offeror. Oral explanations or instructions given by University officials before the award of the contract will not be binding.
L.6  FAILURE TO SUBMIT OFFERS

Recipients of this solicitation not responding with an offer should not return this solicitation. Instead, they should advise the CO, specified in Section G.8, by letter or postcard whether they want to receive future solicitations for similar requirements. It is also requested that such recipients advise the CO of the reason for not submitting a proposal in response to this solicitation. If a recipient does not submit an offer and does not notify the CO that future solicitations are desired, the recipient's name may be removed from the applicable mailing list.

L.7  RESTRICTION ON DISCLOSURE AND USE OF DATA

L.7.1 Offerors who include in their proposal data that they do not want disclosed to the public or used by the University except for use in the procurement process shall mark the title page with the following legend:

"This proposal includes data that shall not be disclosed outside the University and shall not be duplicated, used or disclosed in whole or in part for any purpose except for use in the procurement process.

If, however, a contract is awarded to this offeror as a result of or in connection with the submission of this data, the University will have the right to duplicate, use, or disclose the data to the extent consistent with the University's needs in the procurement process. This restriction does not limit the University's rights to use, without restriction, information contained in this proposal if it is obtained from another source. The data subject to this restriction are contained in sheets (insert page numbers or other identification of sheets)."

L.7.2 Mark each sheet of data it wishes to restrict with the following legend:

"Use or disclosure of data contained on this sheet is subject to the restriction on the title page of this proposal."

L.8  PROPOSALS WITH OPTION YEARS

The offeror shall include option year prices in its price/cost proposal. An offer may be determined to be unacceptable if it fails to include pricing for the option year(s).

L.9  PROPOSAL PROTESTS

Any actual or prospective offeror or contractor who is aggrieved in connection with the solicitation or award of a contract, must file with the D.C. Contract Appeals Board (Board) a protest no later than ten (10) business days after the basis of protest is known or should have been known, whichever is earlier. A protest based on alleged improprieties in a solicitation which are apparent at the time set for receipt of initial proposals shall be filed with the Board prior to the time set for receipt of initial proposals. In procurements in which proposals are requested, alleged improprieties which do not exist in the initial solicitation, but which are subsequently incorporated into the solicitation, must be protested no later than the next closing
time for receipt of proposals following the incorporation. The protest shall be filed in writing, with the Contract Appeals Board, 441 4th Street, NW, Suite 350N, Washington, DC 20001. The aggrieved person shall also mail a copy of the protest to the Contracting Officer for the solicitation.

L.10 SIGNING OF OFFERS

The offeror shall sign the offer and print or type its name on the Solicitation, Offer and Award form of this solicitation. Offers signed by an agent shall be accompanied by evidence of that agent's authority, unless that evidence has been previously furnished to the Contracting Officer.

L.11 UNNECESSARILY ELABORATE PROPOSALS

Unnecessarily elaborate brochures or other presentations beyond those sufficient to present a complete and effective response to this solicitation are not desired and may be construed as an indication of the offeror's lack of cost consciousness. Elaborate artwork, expensive paper and bindings, and expensive visual and other presentation aids are neither necessary nor desired.

L.12 RETENTION OF PROPOSALS

All proposal documents will be the property of the University and retained by the University, and therefore will not be returned to the offerors.

L.13 PROPOSAL COSTS

The University is not liable for any costs incurred by the offerors in submitting proposals in response to this solicitation.

L.14 CERTIFICATES OF INSURANCE

Prior to commencing work, the Contractor shall have its insurance broker or insurance company submit certificates of insurance giving evidence of the required coverages as specified in Section I.8 to:

Sherry Jones-Quashie
Director
Capitol Procurement Division
4200 Connecticut Avenue, NW
Bldg. 38, Suite C03
Washington, DC 20008

L.15 ACKNOWLEDGMENT OF AMENDMENTS

The offeror shall acknowledge receipt of any amendment to this solicitation (a) by signing and returning the amendment; (b) by identifying the amendment number and date in the space provided for this purpose in Section A, Solicitation, Offer and Award form; or (c) by letter, telegram or e-mail from an authorized negotiator. The University must receive the
acknowledgment by the date and time specified for receipt of proposals. An offeror's failure to acknowledge an amendment may result in rejection of its offer.

L.16 BEST AND FINAL OFFERS

If, subsequent to receiving original proposals, negotiations are conducted, all offerors within the competitive range will be so notified and will be provided an opportunity to submit written best and final offers at the designated date and time. Best and final offers will be subject to the Late Submissions, Late Modifications and Late Withdrawals of Proposals provisions of the solicitation. After receipt of best and final offers, no discussions will be reopened unless the CO determines that it is clearly in the University's best interest to do so, e.g., it is clear that information available at that time is inadequate to reasonably justify contractor selection and award based on the best and final offers received. If discussions are reopened, the CO shall issue an additional request for best and final offers to all offerors still within the competitive range.

L.17 LEGAL STATUS OF OFFEROR

Each proposal must provide the following information:

L.17.1 Name, address, telephone number and federal tax identification number of offeror;

L.17.2 A copy of each District of Columbia license, registration or certification that the offeror is required by law to obtain. This mandate also requires the offeror to provide a copy of the executed “Clean Hands Certification” that is referenced in D.C. Official Code §47-2862, if the offeror is required by law to make such certification. If the offeror is a corporation or partnership and does not provide a copy of its license, registration or certification to transact business in the District of Columbia, the offer shall certify its intent to obtain the necessary license, registration or certification prior to contract award or its exemption from such requirements; and

L.17.3 If the offeror is a partnership or joint venture, the names and addresses of the general partners or individual members of the joint venture, and copies of any joint venture or teaming agreements.

L.18 FAMILIARIZATION WITH CONDITIONS

Offerors shall thoroughly familiarize themselves with the terms and conditions of this solicitation, acquainting themselves with all available information regarding difficulties which may be encountered, and the conditions under which the work is to be accomplished. Contractors will not be relieved from assuming all responsibility for properly estimating the difficulties and the cost of performing the services required herein due to their failure to investigate the conditions or to become acquainted with all information, schedules and liability concerning the services to be performed.

L.19 GENERAL STANDARDS OF RESPONSIBILITY

The prospective contractor must demonstrate to the satisfaction of the University its capability in all respects to perform fully the contract requirements; therefore, the prospective contractor must submit relevant documentation within five (5) days of the request by the University.
L.19.1 To be determined responsible, a prospective contractor must:

(a) Have adequate financial resources to perform the contract or the ability to obtain them;

(b) Be able to comply with the required delivery or performance schedule;

(c) Have a satisfactory performance record;

(d) Have a satisfactory record of integrity and ethics;

(e) Have the necessary organizational experience, accounting, operational controls, technical skills, or the ability to obtain them;

(f) Have the required production, construction, technical equipment, and facilities, or the ability to obtain them;

(g) Be otherwise qualified and eligible to receive a contract award pursuant to applicable laws and regulations.

L.19.2 If the prospective contractor fails to supply the information requested, the CO shall make the determination of responsibility or nonresponsibility based upon available information. If the available information is insufficient to make a determination of responsibility, the CO shall determine the prospective contractor to be nonresponsible.

L.20 PRE-PROPOSAL CONFERENCE

A pre-proposal conference will be held on Thursday, April 12, 2012 at 11:00 am (EST) at the Board Room, Building 39, Third Floor, 4200 Connecticut Avenue, NW, Washington, DC 20008. Prospective offerors will be given an opportunity to ask questions regarding this solicitation at the conference. The purpose for the conference is to provide a structured and formal opportunity for the University to accept questions from offerors on the solicitation document as well as to clarify the contents of the solicitation. Attending offerors must complete the pre-proposal conference Attendance Roster at the conference so that their attendance can be properly recorded.

Impromptu questions will be permitted and spontaneous answers will be provided at the University’s discretion. Verbal answers given at the pre-proposal conference are only intended for general discussion and do not represent the University’s final position. All oral questions must be submitted in writing following the close of the pre-proposal conference but no later than ten (10) calendar days before the proposal submission due date in order to generate an official answer. Official answers will be posted on the OCP website at www.ocp.dc.gov and UDC website at www.udc.edu.
SECTION M: EVALUATION PREFERENCE POINTS

M.1 EVALUATION FOR AWARD

The contract will be awarded to the responsible offeror(s) whose offer(s) is/are most advantageous to the University, based upon the evaluation criteria specified below. Thus, while the points in the evaluation criteria indicate their relative importance, the total scores will not necessarily be determinative of the award. Rather, the total scores will guide the University in making an intelligent award decision based upon the evaluation criteria.

M.2 EVALUATION COMMITTEE

M.2.1 The University will appoint an Evaluation Committee who will conduct the evaluation of the Offeror’s initial submissions and any subsequent best and final offers in accordance with the provisions of this Section M and the University’s Procurement Regulations.

M.2.2 The Evaluation Committee shall prepare a written report summarizing its findings and submit the same to the Contracting Officer (CO). Based on the information submitted by the Offerors in response to this RFP and the report prepared by the Evaluation Committee, the CO shall select the Offeror whose submissions are determined by the CO to be the most advantageous to the University.

M.3 EVALUATION CRITERIA

Each proposal will be scored on a scale of 1 to 100 points based upon the criteria listed in this Section M.3. In addition, Offerors will be eligible to receive up to 12 preference points as described in Section M.5 – Preferences for Certified Business Enterprises. Thus, the total maximum number of points possible is 112. The total evaluation score will guide the CO in the determination of most advantageous to the University. Proposals will be evaluated based on the following evaluation factors in the manner described below:

M.3.1 Technical Criteria (80 POINTS)

Factor 1 - Relevant Experience and Past Performance (35 points)

The University desires to engage a Contractor with the qualifications and experience necessary to perform the scope of work set forth in Section C of this RFP. Offerors will be evaluated based on their demonstrated experience and past performance in accordance with Section L.3.1. If the Offeror is a team or joint venture of multiple companies, the Evaluation Committee will consider the experience of each member of the team or joint venture in light of their role in the proposed team or joint venture.

Sub-factor 1 – Five move service projects within the last five years (20 points)

Sub-factor 2 – Offeror’s qualifications and experience (10 points)
Sub-factor 3 – Five relevant problems and corresponding solutions (5 points)

Factor 2 – Master Relocation Plan (30 points)

The Offerors shall prepare a master relocation plan that will demonstrate how the offeror will successfully provide services in accordance with Section with L.3.2. The plan will be evaluated based on its effectiveness and efficiency.

Sub-factor 1 – Planning (10 points)

Sub-factor 2 – Communication (10 points)

Sub-factor 3 – Implementation (10 points)

Factor 3 – Key Personnel (15 points)

The University desires that the moving services will be supervised by an experienced and qualified key personnel in accordance with Section L.3.3.

Sub-factor 1 – Resume (10 points)

Sub-factor 2 – Two Letters of Recommendations from clients (5 points)

M.3.2 Price Proposal (20 POINTS)

The price evaluation will be objective. The Offeror with the lowest price will receive the maximum price points. All other proposals will receive a proportionately lower total score. The following formula will be used to determine each Offeror’s evaluated price score:

\[
\text{Lowest price proposal} \times 20 = \text{Evaluated Price Score}
\]

Price of proposal being evaluated

M.3.3 Preference Points (12 POINTS)

Preferences for Local Business, Disadvantaged Business, Resident-owned Business, Small Businesses, Longtime Resident Businesses, or Local Businesses with Principal Offices Located in an Enterprise in accordance with Section M.5. The preference points will be added to the Offeror Evaluation Score.

M.3.4 Total Points (112 POINTS)

M.4 EVALUATION OF OPTION YEARS
The University will evaluate offers for award purposes by evaluating the financial proposal for all options as well as the base year. Evaluation of options shall not obligate the University to exercise them.

M.5 PREFERENCES FOR CERTIFIED BUSINESS ENTERPRISES

Under the provisions of the "Small, Local, and Disadvantaged Business Enterprise Development and Assistance Act of 2005", as amended, D.C. Official Code § 2-218.01 et seq. (the Act), the University shall apply preferences in evaluating proposals from businesses that are small, local, disadvantaged, resident-owned, longtime resident, veteran-owned, local manufacturing, or local with a principal office located in an enterprise zone of the District of Columbia.

M.5.1 Application of Preferences

For evaluation purposes, the allowable preferences under the Act for this procurement shall be applicable to prime contractors as follows:

M.5.1.1 Any prime contractor that is a small business enterprise (SBE) certified by the Department of Small and Local Business Development (DSLBD) will receive the addition of three points on a 100-point scale added to the overall score for proposals submitted by the SBE in response to this Request for Proposals (RFP).

M.5.1.2 Any prime contractor that is a resident-owned business (ROB) certified by DSLBD will receive the addition of five points on a 100-point scale added to the overall score for proposals submitted by the ROB in response to this RFP.

M.5.1.3 Any prime contractor that is a longtime resident business (LRB) certified by DSLBD will receive the addition of five points on a 100-point scale added to the overall score for proposals submitted by the LRB in response to this RFP.

M.5.1.8 Any prime contractor that is a local manufacturing business enterprise (LMBE) certified by DSLBD will receive the addition of two points on a 100-point scale added to the overall score for proposals submitted by the LMBE in response to this RFP.

M.5.2 Maximum Preference Awarded

Notwithstanding the availability of the preceding preferences, the maximum total preference to which a certified business enterprise is entitled under the Act is the equivalent of twelve (12) points on a 100-point scale for proposals submitted in response to this RFP. There will be no preference awarded for subcontracting by the prime contractor with certified business enterprises.

M.5.3 Preferences for Certified Joint Ventures

When DSLBD certifies a joint venture, the certified joint venture will receive preferences as a prime contractor for categories in which the joint venture and the certified joint venture partner are certified, subject to the maximum preference limitation set forth in the preceding paragraph.

M.5.4 Verification of Offeror's Certification as a Certified Business Enterprise

M.5.4.1 Any vendor seeking to receive preferences on this solicitation must be certified at the time of submission of its proposal. The contracting officer will verify the offeror's certification with DSLBD, and the offeror should not submit with its proposal any documentation regarding its certification as a certified business enterprise.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

**HEALTH & WELFARE:** $3.59 per hour or $143.60 per week or $622.27 per month

**VACATION:** 2 weeks paid vacation after 1 year of service with a contractor or successor; 3 weeks after 5 years, and 4 weeks after 15 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

**HOLIDAYS:** A minimum of ten paid holidays per year, New Year's Day, Martin Luther King Jr's Birthday, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) **COMPUTER EMPLOYEES:** Under the SCA at section 8(b), this wage determination does not apply to any employee who individually qualifies as a bona fide executive, administrative, or professional employee as defined in 29 C.F.R. Part 541. Because most Computer System Analysts and Computer Programmers who are compensated at a rate not less than $27.63 (or on a salary or fee basis at a rate not less than $455 per week) an hour would likely qualify as exempt computer professionals, (29 C.F.R. 541. 400) wage rates may not be listed on this wage determination for all occupations within those job families. In addition, because this wage determination may not list a wage rate for some or all occupations within those job families if the survey data indicates that the prevailing wage rate for the occupation equals or exceeds $27.63 per hour conformance may be necessary for certain nonexempt employees. For example, if an individual employee is nonexempt but nevertheless performs duties within the scope of one of the Computer Systems Analyst or Computer Programmer...
occupations for which this wage determination does not specify an SCA wage rate, then the wage rate for that employee must be conformed in accordance with the conformance procedures described in the conformance note included on this wage determination.

Additionally, because job titles vary widely and change quickly in the computer industry, job titles are not determinative of the application of the computer professional exemption. Therefore, the exemption applies only to computer employees who satisfy the compensation requirements and whose primary duty consists of:

1. The application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software or system functional specifications;
2. The design, development, documentation, analysis, creation, testing or modification of computer systems or programs, including prototypes, based on and related to user or system design specifications;
3. The design, documentation, testing, creation or modification of computer programs related to machine operating systems; or
4. A combination of the aforementioned duties, the performance of which requires the same level of skills. (29 C.F.R. 541.400).

2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e., occasional work on Sunday outside the normal tour of duty is considered overtime work).

HAZARDOUS PAY DIFFERENTIAL: An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordinance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and smokeless gun powder. All dry-house activities involving propellants or explosives. Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving regrading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

** UNIFORM ALLOWANCE **

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

http://www.wdol.gov/wdol/scafiles/std/05-2103.txt
The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of $3.35 per week (or $.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundring in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE (Standard Form 1444 (SF 1444))

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed classes of employees shall be paid the monetary wages and furnished the fringe benefits as are determined. Such conforming process shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees. The conformed classification, wage rate, and/or fringe benefits shall be retroactive to the commencement date of the contract. (See Section 4.6 (C)(vi)) When multiple wage determinations are included in a contract, a separate SF 1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).

2) After contract award, the contractor prepares a written report listing in order proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.

3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, for review. (See section 4.6(b)(2) of Regulations 29 CFR Part 4).

http://www.wdol.gov/wdol/scafiles/std/05-2103.txt
4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.

5) The contracting officer transmits the Wage and Hour decision to the contractor.

6) The contractor informs the affected employees.

Information required by the Regulations must be submitted on SF 1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" (the Directory) should be used to compare job definitions to insure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination.
