Any services to be performed under this contract shall be based on fixed price TO(s) issued in writing and signed by the CO. All TOs are subject to the terms and conditions of this contract. In the event of conflict between a TO and this contract, the contract shall control.

G.10.2

As the need exists for performance under the terms of this contract, the CO shall notify the contractor of an existing requirement via the issuance of a Request for Task Order Proposal (RFTOP). The RFTOP will detail the project scope.

G.10.3

G.11 TASK ORDER COMPETITION

Under this Contract, the University shall offer General Support Services for various construction projects to IDIQ Contractors. It is the University’s intention that all IDIQ Contractors shall have an opportunity to provide services to the University. Each successive RFQ the University issues will specify the basis for award. The University will award individual TOs for those projects exclusively to IDIQ Contractors holding IDIQ contracts.

When issuing an RFTOP, in its sole discretion, the University will solicit two (2) or more IDIQ Contractors who were not solicited for the most recent TO; except that the University may solicit a Contractor(s) previously solicited for the most recent if necessary in order to obtain competition. In determining which IDIQ Contractors the University will solicit for a RFQ, the University may consider current work load (TOs and otherwise), current responsibility, and past performance on projects received under their IDIQ Contract.

G.11.1

For each successive RFTOP the University may solicit at least two (2) IDIQ Contractors who did not receive an opportunity to respond to the most recent RFTOP issued, except under the following circumstances:

G.11.1.1

The University’s need for the essential services or supplies is urgent and providing an opportunity to all Contractors would result in unacceptable delays;

G.11.1.2

Only one (1) Contractor is capable of providing the services at the level of quality required because the services ordered are unique or highly specialized;
G.11.1.3 The TO must be issued on a sole source basis in the interest of economy or efficiency because it is a logical follow-on to a TO already issued under the contract, provided that there was competition pursuant to the procedures in this clause to be considered for the original TO; or

G.11.1.4

The CO determines that only one (1) Contractor has the current capacity to fulfill the requirement.

G.11.2

In determining which IDIQ Contractors will be solicited for each RFTOP, the University will also consider factors such as past performance, quality; timeliness, special expertise, capacity or other factors the CO determines are relevant to a particular requirement. Timely performance by an IDIQ Contractor is very important.

G.11.3

Failure to diligently prosecute the work on a currently awarded TO under this IDIQ Professional Services contract will be cause for the CO not to include the Contractor in the competitive fair-opportunity pool for future TOs. When the Contractor has corrected its delinquency, the Contractor will be considered for competition in future TOs.

G.11.4

IDIQ Contractors shall submit offers on all projects for which they are solicited by the University. In the event a Contractor is unable to submit an offer in response to RFQ, the Contractor shall notify the CO electronically, via e-mail and by U.S. mail and state in writing the reasons for declining to submit an offer. In the event a Contractor fails to submit an offer for three (3) projects offered within a contract year, the Contractor waives their right to the minimum guarantee for that contract year. The CO will notify the Contractor in writing when their offer record indicates an unacceptable offering rate. In the event the Contractor fails to correct this situation, the University reserves the right to unilaterally cancel the IDIQ contract without further obligation or liability to the University.

SECTION L - INSTRUCTIONS, CONDITIONS
AND NOTICES TO OFFERORS

L.1 CONTRACT AWARD:

L.1.1 From this solicitation, the University intends to award up to five (5) ID/IQ contracts to responsible Offeror(s) whose offer conforming to the solicitation will be most advantageous to the University, cost or price, technical and other factors, specified elsewhere in this solicitation considered. Awards will be for a minimum of $250.00 and a maximum of $950,000.00.

L.1.2 Initial Offers

The University may award multiple contracts on the basis of initial offers received, without discussion. Therefore, each initial offer should contain the Offeror’s best terms from a standpoint of cost or price, technical and other factors.

L.2 BEST AND FINAL OFFERS:

If, subsequent to receiving original proposals, negotiations are conducted, all Offerors within the competitive range will be so notified and will be provided an opportunity to submit written best and final offers at the designated date and time. After receipt of best and final offers, no discussions will be reopened unless the CO determines that it is clearly in the University’s best interest to do so, e.g., it is clear that information available at that time is inadequate to reasonably justify Offeror selection and award based on the best and final offers received. If discussions are reopened, the CO shall issue an additional request for best and final offers to all Offerors still within the competitive range.

L.3 PRE-PROPOSAL CONFERENCE:

L.3.1 A pre-proposal conference to discuss the contents of this solicitation and other pertinent matters will be held on Wednesday, February 11, 2015 at 11:00 a.m., at the following location:

Attending Offerors must complete the Pre-Proposal Conference Attendance Roster at the conference so that proposal attendance can be properly recorded.

L.3.3 Impromptu questions will be permitted and spontaneous answers will be provided at the University’s discretion.
