

Report of the IAS Committee on Charter and Bylaws, 1/11/11

On Wednesday, 12/8/10 the Board of Trustees passed the IAS approved Faculty Senate Charter and Bylaws with several minor changes. These changes, though minor, raise some technical issues that we need to hammer out in the coming meetings. If Senators have comments about the Board's changes please send them to the Committee via Chairman G. Derek Musgrove.

In the meantime, the Committee recommends that the IAS do the following:

1. Send a letter to the CCDC, UDC, and the Law School faculty stating that the Board has passed a new Charter and Bylaws that will take effect on ----- and encouraging everyone to read them. These documents will be posted on the IAS webpage by the end of this week.
2. Ask the academic units to prepare for elections in April.

We welcome debate on these recommendations.

The IAS Committee on Charter and Bylaws:
